

Hood Canal Kenya- Tanzania & Zanzibar 18 Day Safaris

**EAST AFRICA
DELIGHT**

**EL MUNDO
SAFARIS**

Explore the amazing world

PREPARING WITH A CHECKLIST

KENYA

The land of Magic

The busy and bustling of East Africa welcome you as you land in Nairobi. Explore the dynamics of safaris, conservation, and social development of East Africa by visiting the pioneer's projects such as Sheldrick Elephant Center, Giraffe Center, and Kazuri Beads.

Safari

Venture into the wildness to experience nature and its comfort from the Lake Naivasha to the rolling Maasai hills of Masai Mara

Karibu East Africa! We hope you have a wonderful stay in one of Africa's gems. Home to Masai Mara, Mt. Kilimanjaro, the Serengeti, and Zanzibar.

While Kiswahili is the official language of Kenya and Tanzania, the countries consist of an estimated 150+ ethnic groups, including Luo, Kikuyu, Chagga, Maasai, and Sukuma. About a third of the country practices Islam, another third practice Christianity and the last third practices their own indigenous beliefs. How is it possible that people with such diverse linguistic, cultural and religious backgrounds can live relatively peacefully among each other? This is one of the most beautiful puzzles of East Africa if not Africa in general and one many people continue to try to answer. What will you discover during your stay here?

TANZANIA

The Dream

As you enter Tanzania from Lake Victoria to Serengeti National Park the Ngorongoro Crater and fly over Mount Kilimanjaro to Zanzibar archipelagoes. You will agree that you have just lived a brief moment of a dream. This is due to the shire amount of wildlife, the vast open savannah, warm and welcoming people, and the tropical almost perfect weather

ZANZIBAR

relax

You have come a long way, lay back and shake off the safari dust on the crystal clear blue calm waters of Indian Ocean.
